

Programme in Planning and Sustainable Development. University College Cork, Ireland.

This exciting new programme, which attracts high calibre students from a wide variety of disciplines, has a real-world contemporary focus with firm foundations in academic thought, applied research and professional planning practice. Full details about the programme, including staff and student profiles, details of professional accreditation etc. are available on <http://mplan.ucc.ie> . UCC now wishes to appoint additional qualified and experienced staff to join its core team and help to consolidate the teaching and research elements of the programme.

- College Lecturer (3 year appointment)
- College Lecturer (1 year appointment – maternity leave replacement)

Applications are invited from candidates with experience in planning research and / or professional planning practice. The programme would be interested in candidates with a wide generalist experience in planning as well as in those with specialist experience in fields such as: urban design, action planning / master planning, environmental design, landscape, metropolitan planning, coastal planning, regional and spatial planning, economics of planning and development, transportation planning, planning in the developing world, comparative planning systems (international), or contemporary planning theory.

Salary scale: College Lecturer (3 year post) €36,500 - €85,592 College Lecturer (1 year post) €36,500 - €59,293. Appointment on the relevant scale will be made commensurate with qualifications and experience.

Further details about the positions are available here:
